

light a courier from Granada announced that 1,400 Guatemalans and natives were besieging that place. His accounts proved...

Gen. Walker, on receiving this information immediately marched to the relief of Granada, and arrived on the heights surrounding the city on the morning of the 13th, at 10 o'clock, and finding the city barricaded by the whole force of the enemy, he charged upon them, and drove them from their posts, capturing their commanders and all their field pieces, and routing them from the city with great slaughter. The total loss of the enemy was 1,100. Gen. Walker's loss was sixteen killed and thirty wounded.

The statement that the Guatemalans, who numbered only 1,400, lost 1,100, is rather cool, even for a filibuster. Enough, however, is known from these accounts to establish the fact that the natives of the country which Walker has conquered, submit with a very bad grace to his regenerating processes, and are so absurd as to resist, at arms, the attempts of the Conqueror, backed up by the moral influence of Messrs. Buchanan and Soule and the Cincinnati platform Democracy, to re-establish Slavery.

Gen. Walker should make a draft on Atchison and Buford for the 2,500 Border Ruffians, whose service, since the United States troops have taken the field in Kansas, are no longer needed there.

**Hobbery and the Extension of Slavery in Central America.**

The Nicaragua correspondent of the New Orleans Sunday Delta, writing on October 24, says:

I wish now to call the attention of men of capital, and more particularly the planters of the South, to a decree issued by the Supreme Executive Power, the President of this Republic, dated the 22d of September, and a copy of which I enclose you, and wish you to request every Southern man to read it and act upon it accordingly.

The first article of that decree says: All acts and decrees of the Federal Congress, as well as the Federal Congress, are declared null and void.

Under the laws of Spain slavery was recognized and enforced in the Province of Central America, of which Nicaragua was an integral portion. After the revolution, when the Republic was formed into five States, slavery was prohibited by the Constituent Assembly, and the Central American Republic, including Nicaragua, made free States. When the compact was dissolved in 1838, between the States, Nicaragua accepted the old law of the Constituent Assembly, and still remained a free State. Now, as you can plainly see, this decree repeals that of the said Constituent Assembly, leaving the old law of Spain in full effect, which law recognized African slavery.

Why may rely on what is written above being the correct interpretation, and have it from the President direct, and will also refer you to the Hon. Pierre Soule. This is the ground taken, and any planter who may come here now may bring his slaves and hold them with as much security as in Louisiana.

Another thing I desire you will notice, is the advertisement of confiscated estates to be sold on the first day of January. These estates have belonged to former citizens of the Republic, who have become traitors and fled the country. They comprise some of the most beautiful as well as the most useful cocoa and coffee haciendas of the Republic. The sale is to be to the highest bidder at auction, and military scrip will be taken as payment for cash. Persons who think of purchasing estates, I advise to buy this military scrip in time, at the low price, which is now ruling as low as \$9 to \$10 per hundred.

To the man of means, the greatest inducements are offered that I have ever seen, and they only need to be known to be taken advantage of.

"Don't ATE MATE ON A FRIDAY."—A friend of mine, who has just returned from a tour through the Southern counties of the State, tells a good one that will do to repeat. It seems that the Democracy had made arrangements for a grand barbecue all on a Friday, and the evening before the grand event a body of Irishmen waited upon the chief manager of the ceremonies, who was thus addressed by the spokesman of the party: "Faith and a pretty fellow are you." "Well, what now, Pat?" was the question of the astounded manager. "And as ye're bin and got up a barbecue on Friday, when you know that two-thirds of the Democratic party don't eat mate on Friday, and ye have no fish."

## The Republican.

### ABOUT HOME.

1. No paper will be sent out of the country, from this office, unless the subscription is in advance, or directed to be sent by some responsible person residing in the country.

2. Country Produce of almost every kind taken in payment of subscriptions to the Republican.

3. Five-cent taken in payment of subscriptions to this paper, if delivered soon.

4. Subscribers to the "Banner," who do not treat the Republican continued to them will please notify us immediately.

5. Town subscribers who do not get their papers will please call at the office and notify us.

**PUBLISHER'S MARK.**—A cross on a paper at the end of the subscriber's name signifies that the time paid for has expired, and a renewal is solicited. This, however, a general rule, only applies to payment out of the country.

**Hymenaeal and Obituary notices** published as news, without charge. Will our friends oblige us by sending them in as they occur?

See Mr. Stedman's advertisement in this paper. He has a very large and extensive stock, and keeps almost every article in his line that can be called for. From a fishing-hook to a jack-screw. He already has a large custom, and from the way he advertises it will doubtless be greatly increased. Our readers will find Mr. S. and his assistant very polite and accommodating gentlemen.

**NEW LAW FIRM.**—Messrs. Frazer & Huges, it will be seen, have formed a partnership in the practice of law, in the Marshall Circuit Court. Both these gentlemen are well and favorably known in this community. Mr. F. is a most distinguished practitioner, and Mr. H. is a young gentleman of commanding talents. Business entrusted to them will be promptly attended to.

**GREAT LAND SALE.**

All who wish invest capital profitably will notice the advertisement in to-day's paper in relation to the sale at auction on the 23d inst., of a number of tracts of valuable land. These lands will no doubt increase rapidly in value, and no better investment of money can probably be made.

**STOCKING AND FANCY SIGNS.**—Messrs. Hillier & Chase, of New York, have shown us some specimens of this work, and as far as we are able to judge, we pronounce them equal to any we have ever seen. Merchants and Business men in want of anything in their line would do well to give them a call, as they remain in town only a few days longer. They may be found at their rooms at the Edwards' House.

**ACCIDENT.**—A wood house, in process of construction, at this place, for the Pittsburg, Fort Wayne and Chicago Railroad, fell down Monday afternoon, injuring two of the workmen engaged upon it severely, though not dangerously. We did not hear the names of the injured persons. The lightness of some of the timbers of the building, which gave way, was the cause of the accident, we learn.

**SERIAL NOTICES.**

**O. FORA LODGE IN SOME VAST WILDERNESS.**—Sir, it is undoubtedly the excitement which thousands, who are borne down by the anxious duties which must be performed even under the rays of a burning mid-summer sun, are sure to make; but these duties are performed frequently at the serious risk of health if not life itself, unless the proper precautions are taken to prevent the bad effects so easily generated by imprudent exposure. Carter's Spanish Mixture, the unrivaled Purifier of the Blood, possesses in its remarkable degree the cooling and purifying influence over the system so necessary in such cases. Its singular power over the system, its gentle tonic action on the Liver, its strengthening, vivifying and invigorating qualities, its known tendency to prevent disease by expelling all humors from the Blood, and ridding the system of poisonous infection, has gained for it a place among the highest cures of medical science. It is a positive cure for Scrofula, Fever and Ague, Liver Disease, the effects of Mercury, and all such diseases, as thousands who have used it with grateful cause to know. The trial of a bottle will satisfy any who may be unacquainted with its effects.

**A SERIOUS TALK.**—We wish to impress upon the people of this rapidly growing country, many of whom are bearing about in their bodies the seeds of disease which may in time develop itself in the form of Scrofula, Rheumatism, Syphilis, Mercurial affections, or other kind of disease, which when they get fast hold of the system, soon leaves the constitution but a shattered wreck, that among all the medicines yet known, Carter's Spanish Mixture is the only positive and unfailing Purifier of the Blood, containing neither mercury, arsenic, opium, or any other dangerous drug or noxious herb, so generally used in such cases. It still possesses a powerful over the blood, rendering it pure and healthy which before its discovery was of all others the thing to be desired. It cures Scrofula, Rheumatism, Syphilis, Fever and Ague, and all that class of diseases, by expelling from the Blood all impurities which clog and disturb the correct action of the system. More than a thousand cases have been permanently and radically cured by its use, and the pleasure in extending its field of usefulness by advising our friends to try it.

**Liver Complaint and Dyspepsia.**—THOMAS LATCHFORD says: "I have been afflicted with the Liver Complaint and Dyspepsia for a number of years, during which time I have spent a great deal of money, but have received very little benefit therefrom, and finally the doctors said, 'You are cured.' Last spring she concluded to try *Hughes' German Bitters*, she took two bottles, and after some taking them she has been able to attend to her business. I have sold some of the bottles through her recommendation, and as far as I can testify, it has given satisfaction to all."

**Hoodless's German Bitters.**—Certificate of Ralph Lutz, Esq., Editor "Spirit of Times," Ironton, Ohio. "I have used Hoodless's German Bitters for a number of years, and it has cured me of a great many diseases, and I can testify to its quality sold by Messrs. Frazer & Huges, your agents."

Dr. G. M. Jackson—Dear Sir—Your Bitters are in great demand here. In addition to the quantity sold by Messrs. Frazer & Huges, your agents.

the two other stores sell more of them than any other medicine. I find they are much used by convalescent fever patients to rebuild their broken constitutions. I have used during the last summer, in my own family, four bottles. They were recommended to me first by a neighbor, at a time when my system was much debilitated from the effects of a severe Bilious Fever. They gave me an appetite, and restored a tone and vigor to my whole system. In one of the September numbers of your paper I related my experience of the good effects of the Bitters, since which time they have had a large sale, and have now become the standard medicine in this vicinity.

In conclusion, I would say that I feel great pleasure in giving you this testimony of the value and success of your preparation.

Respectfully yours, RALPH LUTZ.

**F. BROWN'S**  
**Essence of Jamaica Ginger.**  
This Essence is a preparation of unusual excellence. In an ordinary diarrhoea, incipient cholera, or in short, in all cases of prostration of the digestive functions, it is of inestimable value. During the prevalence of epidemic cholera and summer complaints of children, it is peculiarly efficacious; no family, individual, or traveler should be without it. Be sure to get the genuine essence, which is prepared only by F. BROWN, at his Drug and Chemical Store, N. E. **PURIFY THE BLOOD.**

LIFE PILLS**  
AND  
**PHOENIX BITTERS.**  
FREE FROM ALL MINERAL POISONS.

The great popularity which Moffat's Life Pills and Phoenix Bitters have attained in consequence of the extraordinary cures effected by their use, renders it unnecessary for the proprietor to enter into a particular analysis of their medicinal virtues or properties. Having been more than twenty years before the public, and having the united testimony of more than Three Millions of persons who have been restored to the enjoyment of perfect health by them, it is believed that the reputation as the best vegetable medicine now before the public, admits of no dispute. In almost every city and village in the United States, there are many who are ready to testify to their efficacy in removing disease, and giving to the whole system renewed vigor and health.

In cases of Scrofula, Ulcers, Scurvy or Eruptions of the skin, the operation of the Life Medicines is truly astonishing, often removing in a few days, every vestige of these loathsome diseases, by their purifying effects. They cure Fever and Ague, Dyspepsia, Dropsy, Piles, and in short most all diseases, soon yield to their curative properties. No family should be without them, as by their timely use much suffering and expense may be avoided.

**FOR BEAUTIFYING THE HAIR.**  
This preparation is highly perfumed. It gives the hair a dark, soft, glossy and lively appearance, which cannot be obtained from any other article. It effectually cleanses the scalp from dandruff and scurf, and keeps the head clean and healthy. It prevents the hair from falling off, or turning gray, and in short, it gives new life and vigor. Hurd's Golden Gloss is put up in large bottles, and sold at the low price of twenty-five cents, by all the principal dealers in Drugs, Medicines and Fancy Goods throughout the world.
